## Salvation Army Makes Appeal

The campaign for the annual solicitation of funds for the work of the Salvation Army has begun here and personal letters have been sent out in the mails with more to follow. The work of the organization is most commendable and its support should need no urging. Without much publicity it is doing a fine work for the men in the services at the front, for the neglected and unfortunate here at home. Twenty percent of the funds secured will be used in this immediate vicinity as in the past. The chairman of the local committee is Ross L. Spencer and the treasurer, William F. Hoehn. A number of local citizens form the committee. It is hoped there will be a prompt response to the appeal.

Both Mr. and Mrs. a youth hostel and its committee social and civic affairs of Athol. They have two children, Larry and Robert. Their many Northfield friends will wish them God speed in their new field of labor.

## OPA Area Clinic

The OPA area clinic, held in Greenfield on Tuesday evening, was largely attended by rationing board personnel from all over the county. William Little of Boston, Board Operations Executive, talked on facts, figures and the future of OPA, and gave a brief review of the supply situation. He said there was no immediate prospect of any better status in tires, gas and fuel oil. Mrs. Little brought messages from Regional Director Shoup of Boston, and Chester Bowles of Washington, to the effect that "as time goes on and we approach the end of the war, undoubtedly many things will go off rationing, just as bicycles did last week. We hope it will be soon, but there is no immediate prospect. As we gradually go off rationing, we will have to spend more time on price control, for unless we control prices now, after the war it will be very hard for a lot of people. During the last war, the price of commodities increased 108%, and 40% of this took place after the war was over. We will try to see that this does not happen again, therefore commodities will have to be rationed to keep them under control, and allotted where they are most needed."

Board members attending from Northfield were Albert Anderson, price chairman, Mrs. Bistrek and Mrs. Hammond, price panel members, Louis Abbey, community service chairman, Mrs. Abbott, assistant, and Mrs. Kehl, clerk of the Board.

## Town Hall Movies

The committee headed by Gene Cullum in arranging for a showing of Movies in the town hall Friday evening, present a good attractive list for the month of October. Last Friday evening at 8 o'clock was shown "True to life" with Mary Martin and Franchot Tone. October 13 may be seen "Henry Aldrich, Boy Scout" with Jimmy Lydon and Charlie Smith. October 20 is listed "The uninited" with Ray Milland and Ruth Hussey. October 27 "The great McGinty" with Brien Donlevy. Some interesting titles have been listed for the month of November. The committee ask that our citizens, especially those within walking distance of the hall give the various shows their full support.

## Miss Billings Passes At Woodstock Home Aided Local Schools

The death of Miss Elizabeth Billings, 73, well known here for her activities and benefactions to the Northfield Schools, especially to the Northfield School for Girls, took place at her home in Woodstock, Vermont, on Sunday, September 10. Funeral services and burial were the following Tuesday afternoon and Amherst G. Moody and Arthur P. Fitt of this town were in attendance. Miss Billings was born in Woodstock January 3, 1871, the daughter of Frederick and Julia (Parnly) Billings. She came from a well known family who early settled in Vermont and inherited a fortune which she used in many philanthropic endeavors.

Throughout her life Miss Billings was interested in educational, charitable and religious efforts and the Northfield Schools and the Berry school in Georgia received her close interest. She also gave much aid to the Mary Hitchcock hospital in Hanover, N. H., the Woodstock Congregational church which she attended and the Brick Presbyterian Church in New York.

The Domestic Science hall on the campus of the Northfield School for Girls was given by her and her sister in memory of her mother. Miss Billings also gave an unselfish service to the Students Aid Society.

She was interested in nature, the animals, the flowers and ferns and often planned prolonged visits at the New York Botanical Gardens and united with Nature clubs. She prepared books for study on several nature topics. She is survived by a sister, Mrs. John French of Woodstock and five nieces and nephews. Miss Billings benefactions have been numerous, her interest was persona and it will be for history to unfold the splendid work which she accomplished. Many will mourn her loss.

Saturday afternoon will be devoted to Mount Hermon Alumni affairs with a meeting of the Council scheduled for 2:30 and one of the Alumni Association at 4:30, both to be held in Holbrook Hall. Frank S. Beveridge of Westfield is Alumni Association president, and Gaylord W. Douglass is executive secretary. At 8 p.m. a reception will be given by the trustees at the Chatrau for members of the faculty and staffs of both Northfield and Mount Hermon and employees of the Hotel in honor of Mr. and Mrs. Rubendall.

Dr. William E. Park is president of the Northfield Schools and the other officers are: John L. Grandin of Boston, Chairman of the Board; Edwin S. S. Sunderland of New York and Arthur Perry of Boston, Vice Presidents; Arthur H. Gilbert of New York, Treasurer.

## Mountain Day Observed By Students

Mountain Day was observed Tuesday at the Northfield School for Girls with about 600 students, faculty members and guests climbing or riding up to the old Smith farm "Hackmatacks", now owned by the Misses Carpenter and Davis of the School faculty, and located in the hills north of the town. Before lunch the traditional student-faculty baseball game was won by the latter with a score of 12 to 2, and afterward the various halls competed in skits.

Mount Hermon School's Mountain Day, which is for the senior class only, and held on the same day as Northfield's last year, will take place at a later date.

## Gas "A" Coupons

Applications for renewal of "A" books are to be mailed to all car owners within a few days. The completed application is to be sent back to the rationing board, together with the back cover of the old "A" book and the tire inspection record. Be sure not to detach the 11s and 12s from the front cover as loose coupons can not be accepted at any filling station.

The new "A" books, which become valid November 9, will begin with A-13 coupons. The A-12 coupons will not be valid. All new "A" books will be mailed to car owners during October. Upon the renewal of the basic ration, mileage rationing records will be used in place of tire inspection records for recording gas issued. Beginning with A-13 coupons, "A" coupons will have a four gallon unit value nationwide.

## Red Cross Disaster Committee Renamed

The local Red Cross Disaster committee which has served in Northfield for a number of years has been renamed to again serve for the coming year by Chairman Fred C. Dole of Greenfield of the county committee. Members are William F. Hoehn, George W. Carr and A. Gordon Moody. Mr. Carr is a member of the County committee also. Appointments are confirmed by Chairman F. L. Boyden of the County chapter.

## Town Nurse Engaged

The Selectmen have appointed Miss Euphrasia Purrington as our town nurse and she has begun her work. She is also serving as school nurse. Miss Purrington who formerly held the position, resigned to go to Binghamton, N. Y., with the City hospital there but owing to serious illnesses at the home of her parents in Greenfield found it necessary to resign. She now returns to her profession in Northfield and succeeds Mrs. Dean Williams who has served efficiently the past year and more. Miss Purrington will make her residence in the McMillian apartment on Highland Ave. and it is expected a telephone will soon be installed.

## Political Campaign

With the election only a month away, the political pot begins to boil and people are doing a lot of thinking. The situation remains quiet and the independent voter is not reveling in any enthusiasm. Party members are loyal to their candidates and are working ceaselessly to bring out a large vote. In Northfield the Registrars will sit Saturday Oct. 7 from 7 to 9 and on Wednesday, Oct. 18. from noon to 10 p.m. at the town hall. In the presidential election of 1940, there were 936 votes cast of which Willkie received 728 and Roosevelt 202. It will be interesting to compare the vote in November with these figures.

## Ration Board Notice

Beginning this week the local ration board has announced that all coupons for gasoline will be issued by the Springfield mailing center instead of by the local board. Application will be made by individuals to the board in the usual way, but it is requested that they be returned a week earlier than the expiration date of the present ration, so there will be enough time for board approval, transmission to Springfield and the mailing of coupons from there direct to the applicant. All applications must be accompanied by the tire inspection record. Requests for application blanks for any type of gasoline may be made to the board by telephone, mail or personal call as before, and will be promptly honored. The mileage panel meets on Thursday night of each week to approve applications.

A warning has been given that motorists must get their new stickers on their cars of official inspection by October 16 or suffer penalties. Better visit the official inspection station at your garage at once as the time is getting short. Many cars here are without stickers.
